

Aims & Scope

The *Arabian Journal of Chemistry* is an English language, peer-reviewed scholarly publication in the area of chemistry. The *Arabian Journal of Chemistry* publishes original papers, reviews and short reports on, but not limited to: inorganic, physical, organic, analytical and biochemistry.

The *Arabian Journal of Chemistry* is issued by the *Arab Union of Chemists* and is published by King Saud University together with the *Saudi Chemical Society* in collaboration with Elsevier and is edited by an international group of eminent researchers.

Notice

Practitioners and researchers must always rely on their own experience and knowledge in evaluating and using any information, methods, compounds or experiments described herein. Because of rapid advances in the medical sciences, in particular, independent verification of diagnoses and drug dosages should be made. To the fullest extent of the law, no responsibility is assumed by the publisher for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas contained in the material herein.

Although all advertising material is expected to conform to ethical (medical) standards, inclusion in this publication does not constitute a guarantee or endorsement of the quality or value of such product or of the claims made of it by its manufacturer.
