

Table S3 The method validation, including regression equation, precision, stability, repeatability and recovery of thirteen metabolites determined in *A. argyi* leaves samples.

Compound	Regression equation	Correlation coefficient (<i>r</i>)	Linear range ($\mu\text{g/mL}$)	Precision			Reproducibility (RSD, %)	Recovery			
				Intra-day (RSD, %)	Inter-Day (RSD, %)	Stability (RSD, %)		Low (50%) Recovery (%)	RSD (%)	Medium (100%) Recovery (%)	RSD (%)
1	y=13870x-11505	0.9999	4.7-150.0	1.1	0.8	1.0	1.8	103.7	0.4	104.1	0.6
